AWAIT RESULT OF MEDIATION

Should Efforts to Reach Understanding Fail War Will Follow.

KILLING OF PARKS.

Virtual Ultimatum Sent to Huerta—No Response From Dictator—Another Cargo of Arms Coming.

Washington, May 18.—If the mediation proceedings, which open in Niagara Falls, Ontario, tomorrow, fail, it is expected the death of Private Parks, the demented soldier, who rode through the Mexican lines and is reported to have been murdered by Maas' men, will be made the basis of a formal declaration of war on Mexico.

The United States demands the production of Parks's body, and the immediate punishment of every person responsible for his execution. Huerta has been called upon for a full explanation of the incident, which the United States characterizes as an act of hostility.

The note already sent to Huerta regarding Parks' body practically amounts to an ultimatum. Huerta has not responded.

Notwithstanding the warlike character of the note sent the Mexican dictator, it is understood that this Government will not let that incident interfere with any prospect of settlement of the Mexican situation through mediation. The Parks' case of complaint will be held in reserve as a ground for action in the event of failure of the Niagara Falls conferences.

Another cargo of German arms and ammunition consigned to Huerta was due at Puerto Mexico today. It is the consignment sent on the German liner Bavarian. It was not expected, however, that the munitions would be landed. The agents of the line have assured the State Department that they are to be returned to Hamburg. The assurance has been accepted at its face value, although Admiral Badger is expected to keep track on the Bavarian during the time she is in the Puerto Mexico harbor, because of the presence there of the two Huerta gunboats that fled from Tampico.

Meanwhile preparations for the mediation conferences in Niagara still continue. The American commissioners were to leave today. As a result of Saturday night's dinner by the Spanish ambassador, at which the Huerta and American representatives formally met—the mediators, there will be of necessity of the usual day of formal exchange of

It is believed the mediators will be ready to informally discuss the entire situation immediately upon getting together on Wednesday. They will make their suggestions to the Huerta and American representatives, and it will be possible to determine almost at the outset whether their efforts are to succeed.

If the Huerta commissioners have absolute power to consider plans that eliminate Huerta himself, speedy progress will be made If they have not, and are compelled to report all suggestions to the dictator, officials here concede there will be long drawn out and probably futile discussion.

Washington, May 18—The Huerta government has promised to punish those responsible for the death of Orderly Parks.

The Brazilian minister at Mexico City today notified the State Department of a promise by Huerta's secretary of foreign affairs to this effect, if he finds the killing actually occurred red within the Mexican federal lines at Vera Cruz.

This message, received by Secretary of State Bryan at noon today, was the first word he had had in reply to his urgent demands of last week upon the Mexican government.

Simultaneously, Mr. Bryan anounced that the demand for Consul Silliman release will be presented again to the Huerta government.

IMPROVEMENTS IN COUNTY.

Plans to Lay Out Thoroughfares in Conformity With Those of Washington Extended.

The Fairfax Observer says:

A good new map of Alexandria county will probably be made ready for use within a year, possibly in three months. Every one familiar wth the tangle of roads and streets into which lines of travel have been drifting have been asking for it for years. The first move of the reorganized Civic Federation was to set things going to get it.

The plan is, of course, to have the main thoroughfares conform as nearly as possible to the approaches into the county from Washington. There F street has been for years one of the principal business streets and if extended it would come into this county nearly through the center of Rosslyn and pass through Colonial Heights near the old golf club house among the cedars above Thomasson's planing mill. Further west it would fall in or near the main county road through Cherrydale to Falls Church, striking the county line about a mile west by north of East Falls Church. New York avenue, coming from the War, State and Navy side of the group of public buildings about the White House, including the Treasury, Corcoran Art Gallery, Continental Hall and Pan American crosses, near the foot of Analostan Island to reach the north gate of Arlington cemetery passing through the north boundary of Arlington Farm. It would be continued by some street west of Arlington and Fort Myer, running nearly parallel with Columbia Road, and about a mile and a quarter north of it. It reaches the county line about a half a mile south west of Glen Carlyn, which it touches in passing. It will cross the Falls Church electric line somewhere near Bon Air Station. It runs nearly parallel also to the Ballston road going up by the Court House through Clarendon until this road turns beyond Torreyson's (Fairmont Junction) over Upton Hill into Falls Church. It crosses the county road at Ballston.

Maryland Avenue, crossing Highway Bridge, would, if extended, be broken into the lowlands about the brickyards, at the top of the hill south of Arlington Cemetery would run into Columbia pike and this runs nearly in a straight line southwest to the county line three-quarters of a mile northeast of Bailey's Cross Roads.

It may be expected, therefore, that three of the base lines already existing, and certain to be used, namely, river road through Cherrydale to Falls Church, the Ballston road and Columbia pike will be considered in their relations to the three streets of Washington mentioned in connection with them.

The road directly south from the end of Aqueduct Bridge running into the street in front of the bank, the Commonwealth office and the Rosslyn Milling Corparation is in line with Thirty-Sixth street in Washington, but on account of the hill above the station no connection is ever likely to be made. The turn short into M St., however, must always give one of the most direct routes from this side of the river to Union Station and makes more important the extension of this line from Rosslyn southward into Mount Vernon Avenue between Arlington Farm and Arlington Cemetery at right angles across Columbia pike past Hume School and so on through Jefferson district in almost a direct line to Alexandria City. There the general plan of the streets of that town will have to be considered, and the relation of all to the streets of Potomac, Rosemont, Virginia Highlands, Braddock Heights and other subdivisions in that part of the country. It is probable that the general direction of the principal streets of most subdivisions will be found to conform already to the general direction of these main lines as do those of Rosslyn, Ft. Myer Heights, Courtlands, Clarendon, Ballston, Cherrydale, Glen Carlyn, and additions to these subdivisions.

At the regular meeting of the board of Supervisors held Tuesday, the following contract was awarded: Harry Whitehead for grading and title work on Division street, in Rosslyn. Work was begun Friday on this improvement, which is the first of those hoped for in Rosslyn.

The board appointed William F. Butler, of Washington District, as Electrical Inspector.

The report of Mr. Frank Lyon, as chairman of the committee recently appointed to collect data for making a comprehensive survey of the county for a system of roads, was read and filed.

Viewers were appointed to view a new road proposed to extend from the railway station at Glen Carlyn the station at Bon Air.

MRS. HALL NOW IN RICHMOND

Suspect Finds Refuge With Relatives—Will Stay Until July.

"SHE CAN STARE TOO."

Expresses Wish to be Let Alone—Few Persons Recognize Her When She Arrives at Capital City.

Richmond, Va., May 18.—Recognized by only a few of the several hundred who had gathered at Main St. Station, Mrs. Victor Hall, under indictment in Louisa county for the murder of her husband on the morning of April 15, and forbidden to remain within the borders of Louisa until her trial, arrived in Richmond last night at 8 o'clock, After experencing some difficulty in securing a vehicle, the forlorn woman proceeded at once to the home of her cousin, N. T. Dowdy, 2114 Venable street.

Mrs. Hall was unaccompanied and there was no one at the station to greet her. Detective M. S. Angle, of the Chesapeake and Ohio Railway Secret Service, who continued yesterday his investigation into the burning of the Green Spring depot, came down on the same train, but did not force his presence on the woman nor offer to molest her further. Mrs. Hall is under $5,000 bond for her appearance before Judge George S Shackleford in the Louisa Court, on July 14th, the date on which her trial has been set, and she will be free and untroubled by detectives while she is in Richmond.

A large crowd was at the Louisa Court House station when Mrs. Hall arrived from the home of her attorney, R. Lindsay Gordon, to take the train, which leaves there at 5:15 o'clock She was accompanied only by Mr. Gates, a merchant of Louisa Court House, who has evidenced great interest in her, and is one of the few who has proclaimed his belief in her innocence. Detective Angle offered his help, and told her kindly that she would probably be subjected to curious stares while on the train. According to him, she replied that she would stare as well as others, and seemed to be unperturbed by the scrutiny and curiosity her presence would naturally excite. Fifteen miles east of Louisa Court House station, Mr. Harris, a bridge builder, who has known her for some time, approached her, and they conversed together the rest of the way to Richmond, occupying a seat somewhat distant from the detective. Mrs. Hall requested that she be not followed by detectives and newspaper men, and she was not interrupted. Arrived at Main street station, she lingered behind the people who detrained, and walked slowly through the waiting crowd, succeeding in hiding her identity from the majority ,who sought to catch sight of her. Harris left her immediately, and the woman was absolutely alone, an alien within strange gates. She had been expected by her cousin on Saturday night, and there was none to meet her. It was with some difficulty that she secured a carriage, and so fearful was she of being shadowed that she refused to give the owner of the vehicle the address to which she wanted to be driven She said that she would tell the driver as soon as she had gotten away from the station, and it was so agreed But fears that attempts would be made to interview her and that detectives would be forever hanging on her heels were groundless, and Mrs. Hall will be as free from intrusion as though she were again in her own home.

SERMON IN BEHALF OF PEACE

Rev. Dr. L. Allison Delivers Interesting Discourse in Second Presbyterian Church.

Rev. John Lee Allison, pastor of the Second Presbyterian Church, preached a special sermon yesterday morning on "Peace." It was Peace Sunday and the Federal Council of the churches of Christ in America and other peace organizations, requested ministers to preach on this theme. Dr. Allison took as his text, Matt. 54:9—"Blessed are the peacemakers, for they shall be called the children of God."

He said in part: "A mighty movement is in our midst and our nation has been called to the responsible position of leader. It is the great peace movement, and is commanding the attention and enthusiastic support of statesmen and benefactors, and while the atmosphere is surcharged, at the present time, with thoughts of war, there is an earnest, intelligent desire for internationa lpeace and good will, and the world is awakening to a brighter vision and hoping that the glorious dream of this brotherhood may be speedily realized, when the war drum shall beat no longer and the battle flags are furled, "in the parliament of man, the federation of the world." It is important for our country to have a strong navy and an adequate army, but the spirit of militarism should be discouraged, demanding immense appropriations to build greater "Dreadnoughts" and to prepare against far off and fancied wars that may never come. Europe is today an armed camp, and the nations are burdened with national debts incurred in large measure by maintaining colossal armies and gigantic navies.

We spend two-thirds of our revenues on pensions of past-wars and in preparation for wars to come. We should strive to bind nations in one common brotherhood and by treaties and a "Court of Nations" decide all international questions by arbitration.

Ex-Secretary Cortelyou says in the last thirty years our population has increased 85 per cent, our wealth 185 per cent, and our national expenses 400 per cent.

It is wrong to teach children that a nation's greatness is in the calibre of guns or the explosive power of shells. Only men can make a nation great and strong, and we must build a Christian civilization upon the foundation principles of humanity, fraternity, faith, mercy, justice and love—by our schools and churches.

There is no danger of a war with the yellow races if we cement nations by friendship and keep the temper sweet and fraternal .The Christian West will not fight the Pagan East with physical arms, but the battle must be upon the higher and nobler plane unless we are willing as a nation to return to the tactics of Caesar's day. In the arts of peace we are superior, and the United States must become the leader in the world peace movement. All the nations of Europe are expecting us to foster the spirit—and inspire all others with its blessed results. This nation then calls others to go up to the mountain of the Lord's house to be taught of his ways and walk in his paths, then shall we "beat swords into plough shares and spears into pruning hooks."

LAST STAGE OF THE CAMPAIGN

Hospital Committee Expresses Satisfaction at Their Success.

NOW EXCEEDS $30,000.

Alexandrian in Far-Away Montana Sends Contribution—Friendly Party Tonight in Aid of Work.

The Hospital committee entering the last stage of the campaign to raise $50,000 for Alexandria's new hospital again desires to express their gratification that the close of the fourth week has exceeded the $30,000 for which they were working, and this without several large contributions anticipated, which includes that of the city council, and the great railroads running into and through Alexandria and also a large number of organizations and railroad and factory employees. They therefore believe and sincerely hope that before the campaign ends on the 31st day of May, that the entire amount necessary to give Alexandria a magnificent hospital will have been subscribed.

It is demonstrated beyond cavil that a modern up-to-date hospital is as necessary to a community and to each individual therein as the church or school; for in this modern day with modern surgical and medical csience it is almost impossible to properly care for the injured and sick at home. Much better care can be given the patient at the hospital than in the home, and, aside from this, it must be recognized by those who need the attention that to remain at home exhausts and often endangers the health of those whom they love. The economy of a hospital campared with proper trained nursing in the home and the advantages of care and attention given in an institution of this character is incomparatively better than can be secured under the old system at home.

In these days no one considers that to be taken to a hospital, in which there is up-to-date training, shows any lack of affection on the part of the members of their family, and it is not only much better for the patient, but for every one in the home.

A large number of employes in the factories seem to have overlooked the fact that they have been called upon to subscribe even a small amount to the building fund, payable weekly o monthly which would aggregate a large amount and thoroughly identify each one with the hospital.

Our railroads have an arrangement with the hospital by which those injured by accident and their employes when ill, are treated at the cost of $1.00 per day (as is stated on authority) with the actual cost per patient of $1.38 per day, and it seems only just that not the railroads, but their employes should subscribe to this fund.

The committee expects to begin an active canvas and push the good work on until the campaign closes on the last day of this month, at which time it is certainly hoped that the sum will exceed the amount necessary to complete the building fund and add something to the endowment fund.

Among the subscriptions received this morning, which was very gratifying to the committee, was one from Mr. George A. Hulfish, of Havre, Montana. This is more gratifying because Mr. Hulfish, while a native of Virginia, never was a citizen of our town, but is a brother of Mr. Worth Hulfish, who with his sons and associates have been so liberal to the fund.

There will be held a friendly party for the benefit of the hospital the ladies of St. Rita's Catholic society, of Del Ray, tonight at Odd Fellow's Hall, on North Columbus street, at 8 o'clock. The admission will be twenty-five cents and singing, dancing and refreshments will be features of the program.

FEDERALS MEET ATTACK OF REBELS

Heavy Field Guns Being Used by The Hueristas to Check Advance.

FEDERALS FALL BACK.

Heavy Engagement Expected to be in Progress by Tonight as Besiegers Close Upon Federals.

Headquarters Constitutionalist Army, Rio, Coahuila, Mexico, May 18.—Sharp skirmishing at a point eight miles east of Saltillo early today when federal field guns shelled the advancing rebels, was reported to General Francisco Villa before he rode out a dawn on a reconnoitering expedition.

Encounters between rebels and federals have occurred almost hourly since early last night, and it is expected fighting will be in progress along the whole constitutionalist line and the general assault on Saltillo under way by tonight or tomorrow.

En route from Hipolito last night, the main body of General Villa's forces encountered vigorous opposition at Flora. A large force of federals, well equipped wtih artillery, poured a hot fire into the rebel ranks, Circling a low range of hills, constitutionalist cavalrymen attempted to reach the federal rear. The enemy's scouts detected the movement and the federals retired toward the besieged city.

The engagement at Flora was believed at first to be a checking movement to enable the main body of 12,000 federals to evacuate Saltillo, and attempt to reach San Luis Potosi. Couriers reported today, however, that there were no indications of a general federal movement south.

Villa established a temporary base here, ten miles north of Saltillo. It is believed he will direct his final assault from the water works east of Saltillo, reported to be already in rebel hands.

The brush at Flora fired the spirit of the rebel troops, which have seen no real fighting since Torreon and San Pedro. The camp was astir early today, horsemen riding out to the southward over the sand and infantry marching toward the foothills to the east. General Villa's personal headquarters are in a small adobe nut here.

LAYING OF CORNERSTONE

Many Alexandrians Attend Services Yesterday Afternoon in the County

The cornerstone of St. Rita's Catholic Church, at Mt. Ida, Alexandria county, was laid by Mgr. Bonzano, the papal delegate, yesterday afternoon before a large assemblage, which included many distinguished prelates of the denomination. Mgr. Bonzano pronounced the papal blessing. Others participating in the ceremony were Mgr. Cerretti, auditor of the papal legation; the Rev. Father O'Farrell, vicar general of the diocese of Richmond; the Rev. Wm. J. Kirby of the Catholic University; the Rev. Father Van Ingleguh, of Falls Church; the Rev. H. J. Cutler, the Rev. L. F. Kelly, and the Rev. F. J. Leucke, of St. Mary's Church, this city

The exercises were under the auspices of Alexandria Division, No. 1, Ancient Order of Hibernians, and Wm. Desmond was chairman of the committee on arrangements. The participants formed in procession at the residence of P. J. Conlon, Mount Ida, and proceeded to the church, headed by eight acolytes and sixty Sunday school children of the new church, while the Hibernians acted as an escort. The incidental music was sung by St. Rita's choir. The oration was delivered by the Rev. Dr. Kirby, following the laying of the stone.

The cornerstone, a large marble block bearing the inscription, "St. Rita's, 1914," was placed at the southeast corner of the building. Within the stone was placed a metallic box containing a bronze medallion of the President, clippings from Washington and Alexandria papers concerning the erection of the church, a number of church papers and coins of recent date. An American flag was suspended over the cornerstone and on one side of a large wooden cross suspended on the front of the building was an American flag, while the papal colors were on the other side.

The church is 60x40 feet, of concrete block and red brick. A basement will be used for Sunday school purposes. Julian T. Knight, of this city, is the contractor and Gilroy&Howard are doing the brick and stone work. The total cost of the building will be about $10,000. The two lots on which it stands were donated by J. S. Groves.

The building committee is composed of P. J. Conlon, chairman; George Beuchert, Harry Kreamer, A. Beyler, and the Rev. H. J. Cutler. These organizations are assisting: St. Rita's Ladies' Society, Mrs. P. J. Conlon, president; Miss M. Graumann, treasurer; Miss Mary Conlon, financial secretary; Miss Agnes Graumann, recording secretary; Miss Mary Woo ward, guard; St. Rita's Misionary Society, Miss Mary Barbour, president; Miss Agnes Graumann, secretary.

Magnus Schuler, Well-Known Alexandrian, Expires at His Home In This City

Magnus Schuler, 75 years old, a well-known and respected merchant, died at five o'clock Saturday afternoon at his residence, 1217 Duke street, after a long illness.

Mr. Schuler was a native of Saxe-Weimar, Germany. He came to America in 1856 and located in Baltimore, moving to Alexandria in 1858, where he entered the butchering business, later founding the firm of the M. Schuler Beef Company. Several years ago he retired from active business and was succeeded by his sons.

Besides his wife, who was a Miss Barbara Wechter, he is survived by three children, Frederick and William J. Schuler and Mrs. Christina E. Bales, wife of James W. Bales. He was a member of Fitzgerald Council, Knights of Columbus, and the Royal Arcanum.

The funeral took place from St. Mary's Church this morning. Rev Father Cutler conducted the services. The pallbearers were Messrs. George H. Schwarzmann, E. E. Downham, J. West, August Calmes and William Hellmuth, of this city, and Henry Buscher, of Washington. Included in the appropriate music rendered on this solemn occasion was a solo, "Face to Face," by Miss Kathryn Brill. The remains were interred in St. Mary's Cemetery.

PROHIBITION MOVEMENT.

W. C. T. U., to Secure Signatures to a Petition for Election.

Plans have been formulated by the organizations favoring the passage of the state prohibition bill for an active campaign to secure signatures to the petition to be presented to the governor of the state asking him to call a special election for this purpose in September. The work of securing signatures will be under the supervision of the two W. C. T. U., branches in this city who will be assisted by a number of the pastors of the various churches.

The work will be started on Monday, June 22nd, and closed on Saturday, June 27th. According to the decision of Attorney General Pollard rendered yesterday only persons who were entitled to vote in the last general election held November, 1913, can legally sign the petitions.

Alexandria had 1600 qualified voters in that election, and in order to secure the proportion of signatures required to, call the election it will be necessary for the dry leaders to have 400 names signed to the petition from this city.

High-Grade Suit Cases, Traveling Bags, and Trunks

As great as the values have been in our previous yearly sales, we can confidently state that this year our well-laid plans have brought us an assortment of genuine high-grade luggage the like of which we have never before offered at these low prices.

It means simply that we have taken advantage of unfavorable trade conditions with the makers. It was imperative for them to secure immediate outlet, and they have made us most unusual price concessions—and very sensibly made them at the very height of the selling season.

The product of two of the finest makers are embraced, and every piece is of the highest possible character. We cannot emphasize too strongly the high quality of the materials and the superior workmanship. No job or odd lots of undesirable qualities, but generous assortments of various sizes in most of the styles, so that selection is not confined, as sometimes occurs when small lots are offered.

In the assortments are:—Genuine Leather Suit Cases, Genuine Leather Traveling Bags, High-grade Wardrobe Trunks, General Purpose Trunks, Dress and Steamer Trunks. Second Floor—G Street.

NEWS OF THE OLD DOMINION

TELLS OF AMERICANS KILLED.

Virginia Woman Writes About Escape From Mexico.

Roanoke, Va., May 18.—Mrs. Lee Ostein, of Amelia county, Virginia, writing from Guatemala city, where she and her husband, superintendent of a rubber plantation, were forced to flee after the occupation of Vera Cruz by American troops, tells of narorw escapes from Mexicans in Taapachula, at the southern extremity of the country.

With mobs surrounding them on every side, they finally were rescued by Mexican troops, and rushed out o fthe country on a special train to the Guatemalan border.

Mrs. Ostein says their lives were saved by the jefe politico of the district, whom they previously had befriended. At San Pedro, according to Mrs. Ostein, two rurales, were killed by an American girl when they attempted to enter her room.

"We have the names of neighbors, 18 in all, women and children, who were taken from a train between Mexico City and Vera Cruz and killed by Mexicans," the letter states.

SHOT DOWN IN THE STREET.

Cotton Mill Operative Kills Man at Schoolfield.

Danville, Va., May 18.—Luke McCall, a young cotton mill operative Saturday afternoon walked up to Albert Bilow, who was standing surround by friends at Schoolfield, and exclaimed: "I believe I'll shoot you." So saying, he drew a small calibre pistol and shot him through the breast. Billow died in 45 minutes and McCall, after being chased a mile, was caught by officers who brought him here to jail. McCall refuses to talk about the murder, but people who know both men declare that the killing was the outcome of a long quarrel.

STUART MAY RUN.

Likely to Oppose Swanson For the Senate—Governor Has Nothing To Say Regarding Rumor.

Richmond, Va., May 18.—That Governor Henry C. Stuart will oppose Senator Claude A. Swanson for the United States senate in the primary next year is the belief of many who take an interest in the politics in Virginia and who claim to know the trend of events and possibilities. It is being said by certain politicians that Governor Stuart will surely enter the race, but if such is his determination he has made no public avowal of his candidacy. Friends of the Governor do not hesitate to declare that he will be in the race, and that he will make a hard fight, and there is no question that Senator Swanson will also go before the people and ask them to retain him in office which he has filled since the death of Senator Daniel.

Governor Stuart is not discussing the matter, but he has friends who are watching for him in the place now occupied by the gentleman from Pittsylvania.

TREHY SAYS HE'S THROUGH.

FIGHTING LOCKJAW.

Doctors Use 70,000 Units of Antitoxin Treating Patient.

Richmond, May 18.—Fourteen-year-old Frank Whorley, 719 Louisiana street, is a patient in the city hospital in a precarious condition from lockjaw.

His jaws became rigidly locked several days ago and since then he has been nourished with food in liquid form.

All the modern scientific methods of treatment have been invoked in a determined effort on the part of the hospital doctors to save the boy's life. It was stated today that already 70,000 units of antitoxin have been administered to the young patient. This treatment has cost about $100 thus far.

Though the boy is said to suffer severely at intervals, he is displaying remarkable grit and determination. This encourages the doctors to believe they may succeed in bringing about his recovery.

Three weeks ago while Frank was on a fishing trip down the James river he stepped on a piece of broken glass and cut one of his feet. He was barefooted at the time. The wound at first did not appear to be serious and seemed to be healing. Ten days ago, however, tetanus unexpectedly developed. When the boy's condition became critical he was hurried to the hospital.

SHOOTING IN WYTHEVILLE.

Wytheville, Va., May 18.—Samuel B. The shot took effect behind the ear and bran and blood were scattered on the ground. Immediately after the shooting Davidson walked out from the crowd which was collecting and called Henry White, former town sergeant, handed him the gun, and asked him to protect him until he could get to jail. He surrendered, saying "there is no need of an inquest, I killed hm. He had broken up my home." He also asked White to get the gun and knuckles from Wilson's person. The gun and knuckles were found as stated by Davidson and also seventy-eight dollars in money. Wilson leaves a wife and six children.

ARREST SUSPECT.

Negro Held by Richmond Police Answers Description Given by Miss Chenault.

Richmond, May 18.—In the arrest of a negro giving his name as John Clements, who was taken into custody by Officer Tiller at the place of J. Morris Carter, on the Mechanicsville Turnpike, the Henrico police believe they have captured a man fitting at all points more nearly the description given by Miss Chenault of her asailant than any who has yet been arrested.

In color, height, general bearing, movement and size, the negro tallies exactly with the description given by Miss Chenault. In addition to this he has a nose that is very much more pointed than the usual negro type; his hands are fat, as described by Miss Chenault, and his hair is very short and very crimpy. When arrested he was wearing a large black slouch hat like that worn by the negro seen by Conductor Slaughter sitting at Peco switch on the evening of the crime and he also had on a set of blue overalls.

Questioned by the officers as to his whereabouts Saturday night, he could not give a satisfactory account of his movements on that night and it is said that he has already made several conflicting statements to the police. Neighbors living in the vicinity of the place at which the man worked notified Mr. Tiller of the remarkable resemblance of the negro to the one described by Miss Chenault as her asailant.

Two Wives Meet.

Norfolk, Va., May 18.—A sensation was created last week at the local hospital when two wives, each unknown to the other, met at the bedside of Chief Engineer W. T. Portlock, of the Old Dominion liner Jefferson, who was seriously burned in the accident of Monday night.

It seems that wife No. 1, who resides in New York, on hearing of the accident to Mr. Portlock and of its serious character, forgot the past and the fact that she has been separated for years from Mr. Portlock rushed to his bedside, to be in attendance.

Wife No. 2, of Norfolk was, of course, with her husband, and naturally met wife No. 1, and for the first time learned of the existence of the New York Mrs. Portlock.

Friends of the chief engineer today explained that some years ago Mr. Portlock married the New York wife and later they separated. A legal divorce, so they declare was secured. The only mistake Mr. Portlock made was in, not telling his second wife that he was a divorced man, with his first wife still living.

It is understood that the New York wife immediately left for her home. Whether or not she is receiving alimony could not be learned.

"PRAY FOR THE PEACE OF JERUSALEM."

Many ministers of the gospel delivered sermons yesterday in the interests of peace, having in their minds the speedy settlement of the unfortunate conditions now existing between the United States and Mexico and the eventual settlement of all international frictions by arbitration.

Glowing descriptions from the sacred writers were read concerning a time when "men shall beat their swords into plough shares and their spears into pruning hooks, when man shall learn war no more;" and "when the wolf shall dwell with the lamb, and the leopard shall lie down with the kid, and the calf and the young lion and the falting together, and a little child shall lead them."

Most of the speakers followed the lines pursued by others during the past four or five centuries to the effect that the preaching of the gospel would eventually bring about this great desideratum. Others, however, who read the Bible from another standpoint, insisted that iniquity will abound until the consummation of the present age, and they quoted many parts of the scriptures in defense of their stand.

Probably a secular paper is not the medium through which such questions should be discussed, but at this time, when dignitaries in all the churches are urging the necessity of a closer reading of the Bible, the attempts of pastors yesterday to urge upon the world the adoption of a pacific policy in order to avoid bloodshed by carrying out the principles of the Christian religion as individuals and as nations, should be aided by newspapers which wield considerable power in the world. They might occasionally sidetrack politics, baseball and other generally absorbing matters, and aid the preacher in his work.

We are not among those who have implicit faith in the good intentions of The Hague Conference or the motives of the many who see great possibilities in this tribunal. The fact that every nation which can afford such expenditures are building dreadnoughts and fortifications, increasing standing armies and making their countries armed camps are not pacific accompaniments of this world-wide peace movement. Besides during the past nineteen centuries, or ever since the advent of Christianity, nation has risen up against nation and there have been wars and rumors of war, which we are assured will continue unto the end of the present dispensation.

Should any one take the trouble to study the subject closely, it will be found that terrible visitations are to precede the reign of the Prince of Peace.

Many strangely suppose that the present age is all that is meant by the Kingdom of Heaven. Others, however, look to the future when the glowing pictures of peace shall have their grand fulfillment.

NO ENTANGLING ALLIANCES.

The portion of the President's speech at the unveiling of the statue of Commodore Barry which is of the most general interest and the greatest importance at this moment is that in which he declared that our naional existence stands for the idea that "America shall live her own life." He said:

We cannot form alliances with those who are not going our way, and in our might and majesty, and in the certainty of our own purpose, we need not and we should not form alliances with any nation in the world.

The Philadelphia Record in commenting on this, suggests that if England, France and Germany, have offered mediation in the Mexican affair, we should probably not have rejected their overtures. No alliance would have been involved, but there would have been a participation by the Old World in the affairs of the New which would have been repugnant to our national policy from the begining. Happily, the overtures of mediation came from three American nations. It was possible then, without discourtesy to keep this Western Hemisphere question wholly in the hands of the Western Hemisphere nations. There were the additional advantages that in a controversy with us Huerta might be expected to listen to South American countries more than he would to those of Europe, and our acceptance of South American mediation could not fail to remove some suspicion that might have been aroused in the Latin-American nations by our controversy with Mexico.

All matters of the Western Hemisphere, the Record continues, will be settled by the nations of the Western Hemisphere. We do not need to call the Old World into council to redress any grievance of the New World, and it is not necessary for us to form alliances with the nations of our own hemisphere.

Our resources are vast, our position impregnable, and our purposes pacific. We shall maintain "our own self-determined life."

Fortunately we are free from all reasons for seeking foreign alliances. We have no distant possessions except the Philippines. We have not the slightest purpose of aggression. We have not adjacent neighbors except Mexico and the British empire, and we know the former cannot, and we believe unhesitateingly that the latter will not invade us. We have no occasion, therefore, for an alliance, which would impose obligations on us if it imposed them on the other party. We are free then, to work out our own destiny without the help of any other nation, and without the fear of any.

WHITE SOX DEFEATED.

The Potomac A. C. defeated the White Sox on the latter's grounds yesterday by a score of 11 to 7. The feature of the game was the pitching of Raison, who struck out 12 of the White Sox, and the all round playing of the Potomacs. Hicks, the White Sox star, was hammered for 14 hits, while the White Sox were unable to gather but six hits.

The Potomacs, Cardinals and White Sox now have equal claim for the championship of Alexandria as the Cardinals were defeated by the White Sox and the Potomacs have been defeafed by the Cardinals.

DEATH OF MAGNUS SCHULER.
(Communicated.)

Again we must record the fact that another of Alexandria's popular citizens is called by the enemy of all animate creation. For many years he, in the prime of life, was one of the most sociable that could be met, and up to a few years ago was as hale and hearty as a youngster of forty. But, like the mighty oak, under the strenuosity of business pursuits, the foundation grew weak and the structure above it also weakened, until the end came.

Magnus Schuler had been a sick man for many years, but he made no mention of it to his friends, realizing that their troubles (not his), were sufficient for them. His loving wife and daughter saw him fail as fast as the sun daily traversed the sky, but with that fidelity that true love alone can inspire, they watched over him until the last spark expired.

Mr. Schuler came to this country, landing in Baltimore, in 1856; two years later he came to this city. He married Miss Barbara Wechter, February 6, 1865. Besides his widow, he has left to mourn his loss a daughter—Mrs. James W. Bales, and two sons—Messrs. William J., and Frederick Schuler.

THE EXPRESS IS IN THIS TOWN
AND IN TO STAY

For seventy-five years—three-quarters of a century—the express has been the right hand of the shippers of commercial America. The Express came to Alexandria in 1850 and it came to stay. For sixty-four years it has been the right-hand of commercial Alexandria.

It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From whom this protest—the express companies? No! the merchants of the country—shippers everywhere—petitioned Congress that no action be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington.

For seventy-five years in the past and for a good many more years in the future Express Service will mean.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital,** so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

NEWS OF THE DAY

Details of a pistol duel at Coon's Creek, near Hayden, Ky., in which both participants were killed, became known yesterday. The victims were Hubbard Miniard, age 17, son of J. B. Miniard, county attorney of Leslie county, and Joseph Hensley, a member of a prominent Leslie county family. Miniard was escorting Mrs. Daisy Adams to a social function, when the couple met Hensley. A quarrel ensued, both men drew pistols and the firing ended with the death of both. One of the bullets hit Mrs. Adams, but her wound is not considered dangerous.

The administration's purpose in the pending mediation between the United States and Mexico, has become known. The present mediation, as the President understands it, is extremely comprehensive. It is also a continuing process. It is his idea that his real object, and necessarily ultimate object, is a settlement of Mexico's troubles by agreement among the Zapata, Carranza-Villa, and Huerta factions. The troops of the United States which are now in possession of Vera Cruz, and such of the navy as may be needed, will remain in Mexico until this is brought about.

Mired for five hours in quicksand in a swampy waste near East Chicago, C. J. Belinski, an attorney, was dragged with ropes to safety after he had gone down to his armpits. Belinski shouted for hours for help. He was utterly powerless to save himself. Had it not been for employes of the Indiana Harbor Canal, who finally saw and heard him, he soon would have disapeared entirely. They lassoed him with a rope, and pulled him 20 feet to solid ground. He was hurried, almost unconscious from exposure and exhaustion, to St. Margaret's Hospital, where he quickly recovered.

GAYETY THEATRE,

Washington, D. C., Monday Night, May 25th.

Three champion matches in three classes, heavyweights, middleweights and featherweights. All finish bouts, best two in three falls. Large purses have been hung for each bout, and three speedy matches are anticipated.

The heavyweight gladiators to meet are Hyalmar Lundin, the Swedish heavyweight champion and George Donaldson, the heavyweight Irish champion.

The champion middleweight, Joe Turner, will take on John Kilonis, the Greek champon. These two men have met many times and have gven some exciting bouts, and still a more speedy bout is anticipated.

The featherweights will then clash. George Herbert, featherweight champion of the world will meet Jack Nelson, the champion of the west. This match should prove the fastest of the evening.

Ringside seats are being built for the occasion which will be erected on the stage. Seats are now selling, 25c to $1.00. Stage seats and boxes, $1.50.

"Tuxedo is always welcome. A pleasant smoke, a mental bracer —the ideal tobacco."

HENRY HUTT
famous artist

"A pipeful of Tuxedo puts new life into me. The mildest and purest tobacco grown."

GEORGE E. PHILLIPS
Mayor of Covington, Kentucky

"A good pipe, and Tuxedo to fill it, and I'm satisfied. The tobacco in the little green tin has no rival as far as I am concerned."

You Smoke a "Better" Tobacco —Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there *is* a difference in tobaccos, you may be missing *still greater* pleasure in a *still better* smoke —in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

We know that Tuxedo is made of the BEST tobacco—rich, mellow, perfectly aged Kentucky Burley. None better can be *bought*, because none better is grown.

It is treated by the famous *original* "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No *other* tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.

Praises This Remedy for Lung Trouble

Many people are led to believe that Lung Trouble is a disease which cannot be conquered. This is wrong, as many have fully recovered their health. A change of climate has helped some, but many more have been restored to health by breathing the freshest air, eating well-cooked, wholesome food, being temperate in their habits and adding the tonic qualities of Eckman's Alterative, a medicine for Throat and Lung Troubles. Investigate this case—

Bowling Green, Ky., R. No. 4.

"Gentlemen: The spring of 1908 I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came for the better. I had night sweats, and would cough and spit until I got so weak I could hardly do anything. But at last, James Deering, of Glasgow Junction, insisted that I try your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I firmly believe that Eckman's Alterative will relieve any case of lung trouble if taken before the last stage."

(Affidavit) A. C. BETTERSWORTH.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

MASS FOR SPANISH DEAD.

Wilson Called Patriot for Efforts to Insure Peace.

Washington, May 18.—Fifteen thousand persons attended the annual field mass celebrated here yesterday under the auspices of the District of Columbia Spanish-American War Veterans. When the Rev. Father J. R. Meagher, who delivered the sermon, referred to President Wilson as a "patriot whose names should not be second to the soldiers who fought for their country for his efforts at this critical juncture to insure peace" the vast crowd nodded approvingly.

The ceremony, which took place at the base of Washington Monument, was attended by Catholic clergymen, Senators, Congressmen and public men of Washington. President Wilson and Speaker Clark, who were expected to attend, were not present.

A large pavilion, bedecked with the American flag, sheltered an improvised altar. Another pavilion to the right sheltered the mixed choir of 150 voices from St. Patrick's. In front of the pavilions and grouped around in semi-circles, were members of the Knights of Columbus, Ancient Order of Hibernians, the Catholic Knights of America, the Catholic Benevolent Legion, the Holy Name Societies and the Third Sunday Brigade of St. Aloysius.'

Patriotism was the theme of Father Meagher's sermon.

Many Alexandrians were present.

GIRL FATALLY SHOT BY LOVER

Shenandoah, Pa., May 18.—George Hinks, 19 years old, son of Joseph Hinks, an elder in the Episcopal Church, fatally shot Viola Scheider, the 18-year-old daughter of George Scheider, a baker, yesterday, near this city.

The girl was removed to the State Hospital in a dying condition. It is said Hinks was desperately in love with the young woman, but her parents objected and forbade him to come to the house.

Hinks learned that Miss Scheider was in company with a rival. He procured a revolver and persuaded a passing chauffeur to give chase. Arriving at the Annunciation Cemetery, he overtook Miss Scheider in company with her sister and an acquaintance. Jumping from the car he opened fire on the girl. Hinks then turned the gun on the chauffeur and commanded that he be taken to Ringtown, four miles over the mountain road.

When half way over the mountain Hinks ordered the chauffeur to slow down, when he jumped from the car and disappeared in the thick woods.

CARDINALS WIN.

Devers, Merchant and Lyon Make Sensational Plays.

One of the prettiest games of baseball of the season was played on the North Alfred street ground yesterday evening between the Cardinal Athletic club team and the crack Linworth club nine of Washington, the Cardinals wining out in the 9th inning by the score of 8 to 7.

The Linworths started out in a "Maud S." gait, scoring four runs in the second inning, one in fourth, one in the sixth, and one in the ninth.

The Cardinals failed to tally until the fourth inning,when Lynn single and scored on George Allensworth's double. The home laddybucks were at sea until the seventh when Nugent and Devers scored on Merchant's vicious drive to the right garden. The score then being 6 to 3. In the ninth inning the faithful fans of Alexandria went wild with joy when the Cardinals stole a march on the visitors by introducing Walker as a pinch hitter that swatter doubled to right. Merchant, who has a reputation as a heavy hitter, was passed by Thomas, who figured that the next batter to face him would be "easy picking," it was at this stage that the pinch hitter made good and smashed the hopes of the Capital City boys of capturing the game. Mc Bride, on third, and Lynn at the bat, then worked the squeeze play that scored the winning run for the Cardinals.

The features of the game were the fielding of Allensworth, Devers and Merchant, for the Cardinals, and Mc Coy and Stevens for the Linworths. "Splinter" Lynn, was the prince of the willow, getting three hits out of three times up.
